This Student/Parent Handbook is based in significant part on policies adopted by the Board and Administrative Guidelines developed by the Superintendent. The Policies and Guidelines are periodically updated in response to changes in the law and other circumstances. Therefore, there may have been changes to the documents reviewed in this Handbook since it was printed. If you have questions or would like more information about a specific issue, contact your school principal.

HARTLAND LAKESIDE MISSION

“To empower every student to discover and develop their unique gifts in a nurturing environment, preparing them to thrive as compassionate, critical thinkers and lifelong learners.”

FOREWORD

This student handbook was developed to answer many of the commonly asked questions that you and your parents may have during the course of a school year. This handbook summarizes many of the official policies and administrative guidelines of the Board and the School District. To the extent that the handbook is ambiguous or conflicts with these policies and guidelines, the policies and guidelines shall control. This handbook is effective immediately and supersedes any prior student handbook.

Because the handbook also contains information about student rights and responsibilities, each student is responsible for knowing its contents. Please take time to become familiar with the following information and keep the handbook available for you and your parents' use. It can be a valuable reference during the school year and a means to avoid confusion and misunderstanding when questions arise. Should you have any questions that are not addressed in this handbook, contact your Principal who you will find listed in the Staff Directory section of the handbook. This handbook supersedes all prior handbooks and other written or oral statements regarding any item in this handbook.

This handbook summarizes many of the official policies and administrative guidelines of the Board and the School District. If any of the policies or administrative guidelines referenced herein is revised after June 30, 2026 the language in the most current policy or administrative guideline prevails. The current policies are available on the School Board Policy page of the [District's website](#).

SECTION I - GENERAL INFORMATION

ENROLLING IN THE SCHOOL

Wisconsin students generally enroll in the School District in which they live. However, the School District will release a resident student who is accepted as a student in another School District under that District's open enrollment program.

Students who are new to Hartland Lakeside School are required to enroll with their parents or legal guardian unless the student is eighteen (18) years old. When enrolling, the parents will need to bring:

- A. a birth certificate or similar document;
- B. custody papers from a court (if appropriate);
- C. proof of residency; and
- D. proof of immunizations and/or an appropriate waiver.

In some cases, temporary enrollment may be permitted. If that is done, the parents will be told what records are needed to complete the enrollment process.

Students enrolling from another school will have their courses and grades evaluated by the school counseling department. The office staff will assist parents in obtaining the official records from the previous school.

During the enrollment process, a parent (or adult student) may present information to the School District certifying that the parent (or adult student), their child, or a member of the parent's household is a participant in the Safe at Home/Address Confidentiality Program administered by the Wisconsin Department of Justice. In such cases the School District shall use the address designated by the Department of Justice to serve as the student's address for enrollment purposes. The School District shall place a copy of any certification provided by the parent in the enrollment files.

Students experiencing homelessness who meet the Federal definition of homeless may enroll and will be under the direction of the Homeless Liaison with regard to enrollment procedures. ([*Board Policy 5111.01 – Homeless Students*](#))

Students who meet the Federal definition of children and youth in foster care may enroll and will be under the direction of the Local Point of Contact with regard to enrollment procedures ([*Board Policy 5111.03 – Children and Youth in Foster Care*](#)).

Adult students (eighteen (18) years of age or older) may enroll themselves, but if residing with their parents are encouraged to include their parents in the process. Adult

students do carry the responsibilities of both the student and parent and are expected to follow all School rules.

SCHEDULING AND ASSIGNMENT

The Principal will assign each student to the appropriate classroom and the program in which the student will be participating. Any questions or concerns about the assignment should be discussed with the Principal.

EARLY DISMISSAL FROM SCHOOL

No student will be allowed to leave school prior to dismissal time without a written request signed by the parent, a person whose signature is on file in the school office or the parent coming to the school office to request the release. No student will be released to a person other than a custodial parent(s) or guardian without a permission note signed by the custodial parent(s) or guardian. ([Board Policy 5200 - Attendance and Policy 5230 – Release of Students to Authorized Persons](#))

TRANSFER OUT OF THE DISTRICT

If a student plans to transfer to another school, the parent must notify the Principal. Transfer will be authorized only after the student has completed the arrangements, returned all school materials, and paid any fees or fines that are due. Parents are encouraged to contact the Data Systems Manager for specific details.

OPEN ENROLLMENT

The School District participates in the Wisconsin Public School Open Enrollment Program in accordance with applicable law and the relevant policies and rules of the School District, all as amended from time-to-time. ([Board Policy 5113 – Open Enrollment and Policy 5113.01 – Part-Time Open Enrollment](#))

WITHDRAWAL FROM SCHOOL

No student under the age of eighteen (18) will be allowed to withdraw from school without the written consent of their parents and completion of any required forms.

IMMUNIZATIONS

Each student must have the immunizations required by the Wisconsin Department of Health Services or must have an authorized waiver. If a student does not have the necessary vaccinations or waivers, the student may be excluded from school as permitted by law. This is for the safety of all students and staff. Any questions about immunizations or waivers should be directed to the School Nurse. ([Board Policy 5320 - Immunization](#))

STUDENT ACCIDENTS/ILLNESS/CONCUSSION & SUDDEN CARDIAC ARREST

The School District believes that school personnel have certain responsibilities in case of accidents, illness, concussions, or sudden cardiac arrest that occur in school. Said responsibilities extend to the administration of first aid by persons trained to do so, summoning of medical assistance, notification of administration personnel, notification of parents, and the filing of accident reports. ([Board Policy 5340 – Student Accidents/Illness/Concussion & Sudden Cardiac Arrest](#))

TOO SICK FOR SCHOOL

Using the Department of Public Instruction guidelines, a student with a fever greater than 100.4°F may return to school when fever free without the use of fever-reducing medication for 24 hours. For vomiting/diarrhea, he/she may return to school 24 hours from the last episode. A student will be sent home if there is a serious, sustained coughing, new rash, skin lesions or sores that are draining and cannot be contained within a bandage. A student would need to stay home if symptoms prevent the student from active participation in usual school activities or the student is requiring more care than school can safely provide.

SUICIDE PREVENTION

The School District values the mental health of every student and has counseling and prevention resources available for any student considering self-harm. Students may seek help from any staff member. In addition, students are urged to approach any staff member of their choice if they know of another student who is talking about death by suicide. ([Board Policy 5350 – Suicide Prevention, Intervention, and Postvention](#))

EMERGENCY MEDICAL AUTHORIZATION

The Board has established [Board Policy 5330 – Administration of Medication/Emergency Care](#) that requires every student to have an Emergency Medical Authorization Form completed and signed by their parent(s) in order to participate in any activity off school grounds. This includes field trips, spectator trips, athletic and other extracurricular activities, and co-curricular activities.

The school has made the Emergency Medical Authorization Form available to every parent at the time of enrollment. A student's failure to submit the completed form may jeopardize the student's participation in school activities.

EMERGENCY NURSING SERVICES

To provide for the protection of the students, the School District shall make available emergency nursing services during the regular school day and during all school sponsored student activities. ([Board Policy 5310.01 – Emergency Nursing Services](#))

USE OF PRESCRIBED MEDICATIONS

In circumstances where a student must take prescribed medication during the School day, the following guidelines of [Board Policy 5330 – Administration of Medication/Emergency Care](#) are to be observed.

- A. Parents should, with their physician's advice, determine whether the medication schedule can be adjusted to avoid administering medication during school hours.
- B. [The Medication Request and Authorization Form 5330 F1, Form 5330 F1a, and Form 5330 F1b](#) must be filed with the Principal before the student will be allowed to begin taking any medication during school hours. The forms are available in the School office.

All medications to be administered during school hours must be registered with the School Nurse office.

Medication that is brought to the School Nurse office will be properly secured.

Medication will be administered only if it is reviewed by the School Nurse.

Medication may be conveyed to school directly by the parent.

For each prescribed medication, the container shall have a pharmacist's label with the following information:

1. student's name;
2. practitioner's name;
3. date;
4. pharmacy name and telephone;
5. name of medication;
6. prescribed dosage and frequency; and
7. special handling and storage directions.

Medication MAY NOT be sent to school in a student's lunch box, pocket, or other means nor or about their person, except for

school-approved emergency medications for allergies and/or reactions.

Any unused medication unclaimed by the parent will be destroyed by School personnel when a prescription is no longer to be administered or at the end of a school year.

A log for each prescribed medication shall be maintained which will note the personnel giving the medication, the date, and the time of day. This log will be maintained along with the physician's written request and the parent's written release.

ASTHMA INHALERS AND EPINEPHRINE AUTO-INJECTORS

[\(Board Policy 5330 – Administration of Medication/ Emergency Care\)](#)

Students may not possess or administer any prescribed medications. All prescription medication shall be secured and appropriately stored (allowing for quick access and retrieval before, during, and after school hours).

Inhalers and epinephrine can be administered by school officials only in accordance with conditions confirmed by the Principal, consistent with the approved plan adopted by the School District and updated annually, as necessary.

USE OF NONPRESCRIBED DRUG PRODUCTS

Possession, administration, and use of nonprescription drug products shall be in accordance with *[Board Policy 5330 – Administration of Medication/ Emergency Care](#)*.

Staff and volunteers will not be permitted to dispense non-prescribed drug products to any student without written parental consent.

The Nonprescription Drug Product Request and Authorization Form must be filed with the school nurse before the student will be allowed to begin taking any medication during school hours.

For each nonprescription drug product, the container shall be the original manufacturer's package and the package must list in a legible format the ingredients and recommended therapeutic dose.

The parents request to administer a nonprescription drug product shall contain the following information:

- A. student's name;
- B. date;

- C. name of medication;
- D. dosage and frequency;
- D. special handling and storage directions;
- E. authorization for trained and authorized school staff to administer the medication; and
- F. health care practitioner's note authorizing administering medication in a dosage that varies from the label's recommended dosage, if applicable.

Further, only those nonprescription drugs that are provided by the parent or guardian in the original manufacturers' package which lists the ingredients and dosage in a legible format may be administered.

Parents may authorize the school to administer a non prescribed drug product using a form which is available at the school office. A physician does not have to authorize such medication, but all of the other conditions described above under Use of Prescribed Medications will also apply to non-prescribed medications.

Students may not possess or administer any non-prescribed medications. All non-prescription medication shall be secured and appropriately stored (allowing for quick access and retrieval before, during, and after school hours).

CBD PRODUCTS

In accordance with [*Board Policy 5330 – Administration of Medication/Emergency Care*](#), students and parents are reminded of the following regulation regarding CBD product use, possession, and distribution on School District property or at school activities:

No CBD products will be permitted for use at school.

ESSENTIAL OILS

In accordance with [*Board Policy 5330 – Administration of Medication/Emergency Care*](#), students and parents are reminded of the following regulation regarding the use of essential oils on School District property or at school activities:

All students are prohibited from using essential oils at school.

HEAD LICE

If a child in the School District is found to have lice, school staff will notify the parent and recommend to pick up the student immediately and administer an FDA-approved lice treatment (e.g., pediculicide/ovicide), treatment by a qualified healthcare provider, or

treatment at a clinic specializing in lice and nit removal. If a student with live lice or untreated nits is not able to be picked up immediately, they may remain in the classroom for the remainder of the school day. After treatment with an FDA-approved pediculicide/ovicide, treatment by a qualified healthcare provider, or treatment at a clinic specializing in lice and nit removal, and upon returning to school, the child will be examined by the school health staff or principal. The School District practices a policy of "no live lice" as a criteria for return to school. ([Board Policy 8451 - Pediculosis](#))

CONTROL OF CASUAL-CONTACT COMMUNICABLE DISEASES

Because a school has a high concentration of people, it is necessary to take specific measures when the health or safety of the group is at risk. In order to protect the health and safety of the students, School District personnel, and the community at large, the Board shall follow all State statutes and Health Department regulations that pertain to immunization and other means for controlling casual-contact communicable disease spread through normal interaction in the school setting.

In accordance with [Board Policy 8450 – Control of Casual-Contact Communicable Diseases](#), a teacher, nurse, or Principal may send home a student who is suspected of having a communicable disease and will notify the parent of such action and the reason(s) it was taken. School officials may be required to notify local health officials if they suspect a student has a covered communicable disease. School officials will comply with notification requirements of the Wisconsin Department of Health Services in addition to notifying the student's parent.

Examples of such diseases include diphtheria, scarlet fever, strep infections, whooping cough, mumps, measles, rubella, and other conditions indicated by the Wisconsin Department of Health Services.

Any student's removal from school will only be for the contagious period as specified in the school's administrative guidelines.

DIRECT CONTACT COMMUNICABLE DISEASES

In the case of direct contact communicable diseases, the school still has the obligation to protect the safety of the staff and students. In these cases, the person in question will have their status reviewed by a panel of resource people to ensure that the rights of the person affected and those in contact with that person are respected. The school will seek to keep students and staff in school unless there is definitive evidence to warrant exclusion. ([Board Policy 8453 – Direct Contact Communicable Diseases](#))

Direct contact communicable diseases include sexually transmitted diseases, AIDS (Acquired Immune Deficiency Syndrome), ARC-AIDS Related Complex, HIV (Human Immunodeficiency Virus), Hepatitis B, and other diseases that may be specified by the Wisconsin Department of Health Services.

As required by Federal and State law, parents may be required to have their child's blood checked for HIV and HBV, and other blood-borne pathogens when the child has bled at school and students or staff members have been exposed to the blood. Any testing is subject to laws protecting confidentiality.

STUDENTS WITH DISABILITIES

The Americans with Disabilities Act (ADA) and Section 504 of the Rehabilitation Act provide that no individual will be discriminated against on the basis of a disability ([Board Policy 2260.01 – Section 504/ADA Prohibition Against Discrimination Based on Disability](#)). This protection applies not just to the student, but to all individuals who have access to the School District's programs and facilities.

A student can access Special Education services through the proper evaluation and placement procedure. Parent involvement in this procedure is generally required. More importantly, the school encourages parents to be active participants. To inquire about Special Education programs and services, a parent should contact the Director of Student Services at (262) 369-6753. ([Board Policy 2460 – Programs for Students with Disabilities](#))

The School District is committed to identifying, evaluating, and providing a free appropriate public education ("FAPE") to students within its jurisdiction who are disabled within the definition of Section 504, regardless of the nature or severity of their disabilities.

SERVICE ANIMALS AND OTHER ANIMALS ON DISTRICT PROPERTY

Students, parents, and other members of the public may be accompanied at school by a service animal in accordance with Federal and State law and [Board Policy 8390 - Animals on District Property](#).

Other animals permitted in schools and elsewhere on School District property shall be limited to those necessary to support specific curriculum-related projects and activities as approved by the principal.

An emotional support animal is not granted the same access to school buildings and classrooms, as service animals. The School District is not required to grant students' requests that they be permitted to bring an emotional support animal to classes or on school grounds for any purpose.

Therapy dogs which meet the certification and documentation requirements in [Board Policy 8390 – Animals on District Property](#) may be allowed limited access to the schools to perform their educational purpose as determined by the principal.

BILINGUAL STUDENTS/ENGLISH LEARNERS

The School District recognizes that there may be students enrolled whose primary language is not English. The School District provides appropriate identification and transition services for bilingual students and English Learners (ELs). The purpose of these services is to develop English language skills that will enable the students to function successfully and complete the School District's required curriculum. ([*Board Policy 2260.02 – Services for Bilingual Students/English Learners*](#))

To inquire about programs and services for bilingual students and/or English Learners, a parent should contact the Director of Student Services at (262) 369-6753.

STUDENT RECORDS

The origination and maintenance of appropriate student records are essential to the effective operation of the School District and meeting the educational interests of students. The rights and responsibilities of students, parents and the School District with respect to student records are governed by State and Federal law. ([*Board Policy 8350 – Confidentiality*](#)). Many student records are kept by teachers, counselors, and administrative staff. There are two (2) basic kinds of student records - directory data and confidential records.

Directory data can be given to any person or organization when requested, unless the parents of the student object in writing to the disclosure as required under school policy and State and Federal law. ([*Board Policy 8350 – Confidentiality*](#)).

If parents and eligible students do not submit such written notification to the School District, directory data may be utilized by the Superintendent in District-wide publications, on the cable television educational access channel, or on the School District's website. The directory data used will be properly verified and approved by the Superintendent.

If you have questions about the confidentiality of student records and/or the release of student records to third-parties, please contact the Director of Student Services.

Parents and students are reminded of: 1) their rights to inspect, review and obtain copies of students records; 2) their rights to request the amendment of the student's school records if they believe the records are inaccurate or misleading; 3) their rights to consent to the disclosure of the student's school records, except to the extent State and Federal law authorizes disclosure without consent; 4) the categories of student record information which have been designated as directory data and their right to deny the release of such information; and 5) their right to file a complaint with the Family Policy Compliance Office of the U.S. Department of Education.

Consistent with the Protection of Pupil Rights Amendment (PPRA), no student shall be required, as a part of the school program or the School District's curriculum, without prior written consent of the student (if an adult, or an emancipated minor) or, if an

unemancipated minor, the student's parents, to submit to or participate in any survey, analysis, or evaluation that reveals information concerning:

- A. political affiliations or beliefs of the student or their parents;
- B. mental or psychological problems of the student or their family;
- C. sex behavior or attitudes;
- D. illegal, anti-social, self-incriminating or demeaning behavior;
- E. critical appraisals of other individuals with whom respondents have close family relationships;
- F. legally recognized privileged and analogous relationships, such as those of lawyers, physicians, and ministers;
- G. religious practices, affiliations, or beliefs of the student or their parents; or
- H. income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program).

Consistent with the PPRA and Board policy, parents may inspect any materials used in conjunction with any such survey, analysis, or evaluation. Please contact your Principal to inspect such materials.

Further, parents have the right to inspect, upon request, a survey or evaluation created by a third party before the survey/evaluation is administered or distributed by the school to the student. The parent will have access to the survey/evaluation within a reasonable period of time after the request is received by the building principal.

The Family Policy Compliance Office in the U.S. Department of Education administers both Family Educational Rights and Privacy Act (FERPA) and Protection of Pupil Rights Amendment (PPRA). Parents and/or eligible students who believe their rights have been violated may file a complaint with:

Unauthorized or inappropriate use, including any violation of the School District's policies and administrative guidelines, may result in cancellation of the privilege, disciplinary action consistent with the School's rules, and civil or criminal liability. Smooth operation of the School's network relies upon users adhering to the School District's policies and administrative guidelines. Prior to accessing the Internet at School, students are required to confirm their agreement to abide by the terms and conditions of the Student Technology Acceptable Use and Safety Agreement each year.

Violation of the Student Technology Acceptable Use and Safety Agreement may result in disciplinary consequences up to and including expulsion from the School District, civil liability and/or referral to law enforcement.

If necessary, intelligence tests, speech and language evaluations, individually administered achievement tests, and other special testing services are available to students needing these services.

During non-instructional time, however, no group of students, regardless of the size of the group, will be denied an opportunity to meet on the basis of the religious, political, philosophical, or other content of the activity.

- D. where the content involves unprotected speech.

General Prohibitions

Regardless of their status as non-public or limited-purpose public forums, the Board prohibits publications, productions, and advertisements that:

- A. promote, favor, or oppose any candidate for election or the adoption of any bond issue, proposal, or question submitted at any election;
- B. fail to identify the student or organization responsible for the publication/performance.

A \$80.00 fee will be assessed for each sport.

STUDENT EMPLOYMENT

The school does not encourage students to take jobs outside of school that could interfere with their success in the academic program. If a student believes that they must maintain a job in addition to going to school, the student must first make contact with their school counselor to discuss any legal requirements and obtain any needed documents. ([Board Policy 5895 – Student Employment](#))

The District opts not to serve as a permit officer for the purpose of issuing employment permits to minors.

SECTION IV - STUDENT CONDUCT

ATTENDANCE

The School District requires all students to attend school regularly in accordance with the laws of Wisconsin and [Board Policy 5200 - Attendance](#). The school's educational program is predicated upon the presence of the student and requires continuity of instruction and classroom participation. The regular contact of students with one another in the classroom and their participation in a well-planned instructional activity under the guidance of a competent teacher are vital to this purpose.

For purposes of this policy, the regular period and hours of instruction including both those periods and hours a student's program requires that they are in school as well as any attendance requirements defined as part of a course of virtual instruction, or a combination of the more than one type of instructional delivery.

Compulsory Student Attendance

All children between six (6) and eighteen (18) years of age shall attend school regularly during the full period and hours, religious holidays excepted, that the school is in session. All students must attend until the end of the term, quarter, or semester of the school year in which the child becomes eighteen (18) years of age unless they fall under an exception outlined in the [Board Policy 5200 - Attendance](#). A child who is enrolled in five (5) year-old kindergarten shall attend school regularly, religious holidays excepted, during the full period and hours that kindergarten is in session until the end of the school term.

For information on summer or interim school attendance, see [Board Policy 2440.01 - Summer or Interim School Attendance](#).

Excuse for Absence

A parent of a student who is absent shall provide either a written or oral notification stating the reason for and the time period of the absence. This statement must be submitted prior to the absence if the absence is foreseeable. If the absence is not foreseeable, the statement must be provided prior to the student's readmission to school. The statement shall be submitted to the school office and filed in the student's school record. The School District reserves the right to verify statements and investigate absences from school.

Release of Students to Authorized Persons

If only one (1) parent is permitted to make educational decisions or to approve absences of the student by Court order, the responsible parent shall provide the school with a copy of the Court order. Absent such notice, the school will presume that the student may be released into the care of either parent.

No student who has a medical disability which may be incapacitating may be released without a person to accompany the student.

No student shall be released to anyone who is not authorized by a parent with authority to do so.

Excused Absences

A student shall be excused from school for the following reasons:

Physical or Mental Condition

The student is temporarily not in proper physical or mental condition to attend a school program. Absences for this reason may be excused by oral or written notification to the attendance officer by the adult student or minor student's parent. The attendance officer in appropriate circumstances may require a written statement from a health care provider describing the condition and excusing the student for a period not to exceed thirty (30) calendar days.

Obtaining Religious Instruction

To enable the student to obtain religious instruction outside the school during the required school period (see [Board Policy 5223 - Absences for Religious Instruction](#)).

Permission of Parent or Guardian

The student may be excused by their parent or guardian before the absence for any or no reason. A student may not be excused for more than ten (10) days under this paragraph and must complete any course work missed during the absence. Examples of reasons for being absent that should be counted under this paragraph include, but are not limited to, the following:

1. professional and other necessary appointments (e.g., medical, dental, and legal) that cannot be scheduled outside the school day
2. to attend a funeral
3. legal proceedings that require the student's presence
4. vacations

Religious Holiday

For observance of a religious holiday consistent with the student's creed or belief.

Suspension or Expulsion

The student has been suspended or expelled.

Virtual Access

The student is unable to access virtual instruction programming due to a temporary disruption in the student's access to necessary technological systems (i.e. internet outage, computer failure, software malfunction, etc.) as communicated by the student's parent.

A student may be excused from school, as determined by the School Attendance Officer, for the following reasons:

- A. Quarantine of the student's home by a public health officer.
- B. The illness of an immediate family member.
- C. An emergency that requires the student to be absent because of family responsibilities or other appropriate reasons.

Truancy

A student will be considered truant if he or she is absent part or all of one or more days from school during which the School Attendance Officer, Principal, or a teacher has not been notified of the legal cause of such absence by the parent or guardian of the absent student. A student will also be considered truant if the student has been absent intermittently for the purpose of defeating the intent of the Wisconsin Compulsory Attendance statute. ([118.15, Wis. Stats.](#))

When a student is truant, the School Attendance Officer shall ensure that all applicable provisions of the School District's Truancy Plan are carried out.

Unexcused Absences

Unexcused absences are absences from school for part or all of one (1) or more days from school without an acceptable excuse. Unexcused absences demonstrate a deliberate disregard for the educational program and are considered a serious matter. The Superintendent shall develop administrative guidelines to address unexcused absences.

The Board authorizes, but does not encourage the Superintendent, to suspend a student from a particular class or from school if sincere efforts by the staff and parents cannot rectify the pattern of absence. In keeping with its philosophy, the Board supports efforts

to provide for out-of-school alternative educational opportunities for truant students rather than to heighten the effects of absence through suspension.

Administrative action to address unexcused absences shall be in accord with due process as defined in [Board Policy 5611 – Due Process Rights](#), the Student Code of Conduct, and other applicable Board Policies.

Late Arrival and Early Dismissal

It is necessary that a student be in attendance throughout the school day in order to benefit fully from the educational program of the District.

The Board recognizes, however, that from time-to-time compelling circumstances require that a student be late to school or dismissed before the end of the school day.

As an agent for the education of the children of this School District, the Board shall require that the school be notified in advance of such absences by

1. written (including email)
2. personal (phone or face-to-face)

request of the student's parent, who shall state the reason for the tardiness or early dismissal.

No student who has a medical disability which may be incapacitating may be released without a person to accompany the student.

No student shall be released to anyone who is not authorized such custody by the parents.

Habitual Truancy

When a student initially becomes a habitual truant, the School Attendance Officer shall provide a notice to the student's parent, by registered or certified mail, or by 1st class mail. The School Attendance Officer may simultaneously notify the parent of the habitually truant student by an electronic communication. The notice must contain the following:

- A. a statement of the parent's responsibility under State law to cause the student to attend school regularly;
- B. a statement that the parent or student may request program or curriculum modifications for the student under State law and that the student may be eligible for enrollment in a program for children at risk;
- C. a request that the parent meet with the appropriate school personnel to discuss the student's truancy;

The notice shall include the name of the school personnel with whom the parent should meet, a date, time, and place for the meeting and the name, address, and telephone number of a person to contact to arrange a different date, time, or place. The date for the meeting shall be within five (5) school days after the date that the notice is sent, except that with the consent of the student's parent the date for the meeting may be extended for an additional five (5) school days.

- D. a statement of the penalties, under State law or local ordinances that may be imposed on the parent upon failure to cause the child to attend school regularly as required by State law;
- E. if the student is attending the District through the Open Enrollment Program, each notification shall also inform the parent: (1) that the student's open enrollment may be terminated if the student is habitually truant; and (2) the process described in [Board Policy 5113 - Open Enrollment Program \(Inter-District\)](#), which the parent or student may follow if they believe the student was erroneously marked truant.

The School Attendance Officer will also continue to notify the parent of a habitual truant's subsequent unexcused absences.

Students Leaving School During the School Day

No staff member shall permit or cause any student to leave school prior to the regular hour of dismissal except with the knowledge and approval of the Principal and with the knowledge and approval of the student's parents.

Make-Up Course Work and Examinations

A student whose absence from school was excused or unexcused shall be permitted to make-up course work and examinations missed during the absence when they return to school. It is the student's responsibility to contact their teachers to determine what coursework and examinations must be made-up. Teachers shall have the discretion to assign substitute coursework and examination. Teachers shall also have the discretion to specify where and when examinations and course work shall be completed, including outside regular school hours. The time for completing the work shall be commensurate with the length of the absence, unless extended by the Principal based upon extenuating circumstances.

Unexcused Absences

Credit in a course or subject shall not be denied solely because of a student's unexcused absence from school.

A student whose absence from school was unexcused shall be permitted to make-up course work and quarterly, semester or grading period examinations missed during the absence if the student is at risk of receiving no credit in a course or subject if the work is not made up.

Subject to the immediately preceding two paragraphs, credit may, but is not required to be given for the completion of make-up work. Further, credit for make-up work may be given only after the student has satisfied consequences imposed for unexcused absences. The extent to which make-up credit is given shall be determined on a case-by-case basis by the Principal and the respective teachers.

If make-up work is allowed, it is the student's responsibility to contact their teachers to determine what coursework and examinations must be made-up. Teachers shall have the discretion to assign substitute coursework and examinations. Teachers shall also have the discretion to specify where and when examinations and course work shall be completed, including outside regular school hours. The time for completing the work shall be commensurate with the length of the absence, unless extended by the Principal based upon extenuating circumstances.

Tardiness

Students who are not in their homeroom or in class when the late bell rings are considered tardy.

STUDENT ATTENDANCE AT SCHOOL EVENTS

The school encourages students to attend as many school events held after school as possible, as long as such attendance does not interfere with the student's school work and home activities. Enthusiastic spectators help to build School spirit and encourage those students who are participating in the event. ([Board Policy 5855 – Student Attendance at School Events](#))

However, in order to ensure that students attending as nonparticipants are properly safe-guarded, the Board requires that all pre-high school students be accompanied by a parent or adult chaperone when they arrive at the event and throughout its duration. Any unaccompanied student will not be allowed to attend the event, and the Board will not be responsible for students if they attend without an adult chaperone.

The Board will continue to provide appropriate supervision for all students who are participants in District-sponsored events.

STUDENT BEHAVIOR

A major component of the educational program is to prepare students to become responsible workers and citizens by learning how to conduct themselves properly and in accordance with established standards.

Expected Behaviors

Each student shall be expected to:

1. abide by Federal, State, and local laws as well as the rules of the school; respect the civil rights of others;
2. act courteously to adults and fellow students;
3. be prompt to school and attentive in class;
4. work cooperatively with others when involved in accomplishing a common goal regardless of the other's ability, sex, sexual orientation, race, or ethnic background;
5. complete assigned tasks on time and as directed;
6. help maintain a school environment that is safe, friendly, and productive;
7. act at all times in a manner that reflects pride in self, family, and the school.

CARE OF PROPERTY

Students are responsible for the care of their own personal property. The school will not be responsible for the loss of personal property. Valuables such as jewelry or irreplaceable items should not be brought to school. The school may confiscate such items and return them to the student's parents.

The Board authorizes the imposition of fines for the loss, damage, or destruction of School District-owned, borrowed or leased equipment, computing devices, school records, apparatus, musical instruments, library materials, textbooks, and for damage to School District buildings or facilities. Therefore, if a student damages or loses school property, the student or their parents will be required to pay for the replacement or damage. If the damage or loss was intentional, the student will also be subject to discipline according to the Code of Conduct, and may be referred to law enforcement. ([*Board Policy 5513 – Care of District Property*](#))

PROHIBITED USE OR POSSESSION OF INTOXICANTS, DRUGS, OR PARAPHERNALIA

The administration and staff recognize that the misuse of drugs is a serious problem with legal, physical, and social implications for the entire school community.

As the educational institution of this community, our school strives to prevent drug abuse and help drug abusers by educational, rather than punitive, means.

For purposes of this policy, "drugs" shall mean:

- A. all dangerous controlled substances as so designated and prohibited by Wisconsin statute;
- B. all chemicals which release toxic vapors;
- C. all alcoholic beverages;
- D. any prescription or patent drug, except those for which permission to use in school has been granted pursuant to Board policy;
- E. "look-alikes;"
- F. anabolic steroids;
- G. any other illegal substances so designated and prohibited by law.

The Board prohibits the use, possession, concealment, or distribution of any drug and any drug-paraphernalia at any time on District property or at any District-related event.

The use, possession, concealment, or distribution of any drug, drug look-alike, and any drug-paraphernalia at any time on school property or at any school-related event is prohibited. Disciplinary sanctions, up to and including expulsion and referral for prosecution, will be imposed on students who violate the school's drug abuse guidelines. ([Board Policy 5530 – Student Use or Possession of Intoxicants, Drugs, or Paraphernalia](#))

USE OF TOBACCO/NICOTINE IS PROHIBITED

The Board is committed to providing students, staff, and visitors with a tobacco and smoke-free environment. The negative health effects of tobacco and nicotine use for both users and non-users, particularly in connection with second hand smoke, are well-established. In addition, students less than eighteen (18) years of age are generally prohibited by law from purchasing or possessing cigarettes and other tobacco products.

It shall be a violation of School District policy for any student of the School District to possess, use, consume, display, promote, or sell any tobacco products, tobacco industry brand, tobacco-related devices, imitation tobacco products, or electronic smoking or vaping devices, regardless of content, at any time on school property or at off-campus, school-sponsored events. ([*Board Policy 5512 – Use of Tobacco and Nicotine by Students*](#))

The use of other products containing nicotine, such as nicotine patches and nicotine gum is also prohibited except when a student provides documentation from a licensed medical practitioner that the student's use of non-tobacco nicotine products is being medically supervised for the cessation of a nicotine addiction and the student complies with [*Board Policy 5330 - Administration of Medication/ Emergency Care*](#).

STUDENT CODE OF CLASSROOM CONDUCT

Hartland-Lakeside School is committed to maintaining an orderly and safe academic atmosphere. Teachers are expected to create a positive learning environment and to maintain proper order in the classroom. Students are expected to behave in the classroom in a manner that allows teachers to effectively carry out their lessons and allows students to participate in classroom learning activities. Students are also expected to abide by all rules of behavior established by the school and their classroom teachers.

Such rules of behavior include a prohibition on knowingly making false statements or knowingly submitting false information during a sex discrimination complaint process, including intentionally making a false report of sexual harassment, or submitting a false formal complaint. Providing false information is a violation of the Student Code of Conduct.

To ensure adherence to these expectations and principles, the Board has adopted a Code of Classroom Conduct, which applies to all students. ([*Board Policy 5500 – Student Code of Classroom Conduct*](#))

Grounds for Removal of a Student from Class

Disturbances that interrupt the learning process cannot be permitted by any teacher. A teacher may temporarily remove a student from the teacher's class if the student violates the Code of Classroom Conduct. Additionally, the student may be removed from the class for a longer period of time at the discretion of the Principal. A student removed from class may also be placed in an alternative education setting.

Removal of a student from class for violating the Code of Classroom Conduct or placement of the student in an alternative educational setting does not prohibit the school from further disciplining the student for the conduct that caused removal or placement including, but not limited to, suspending or expelling the student.

It is neither possible nor necessary to specify every type of improper or inappropriate behavior for which a teacher may remove a student from class. Provided below, however, are examples of reasons a student may be removed from class. A teacher may remove a student from class for conduct or behavior that:

- A. would result in suspension or expulsion under the Board's policies and procedures;
- B. violates the behavioral rules and expectations of the school;
- C. is dangerous, disruptive or unruly. Such behavior includes, but is not limited to, the following:
 - 1. possession or use of a weapon or look-alike or other item that might cause bodily harm to persons in the classroom;
 - 2. being under the influence of alcohol or controlled substances or otherwise violating the District alcohol and drug policy;
 - 3. behavior that interferes with a person's work or school performance or creates an intimidating, hostile, harassing, or offensive classroom environment;
 - 4. arguing, taunting, baiting, inciting or encouraging an argument or disruption or group posturing to provoke altercations or confrontations;
 - 5. disruption or intimidation caused by gang or group symbols or gestures, or gang or group posturing to provoke altercations or confrontations;
 - 6. pushing, striking, or other inappropriate physical contact with a student or staff member;
 - 7. interfering with the orderly operation of the classroom by using, threatening to use or counseling others to use violence, force, coercion, threats, intimidation, fear, or disruptive means;
 - 8. using dress or appearance in a manner that presents a danger to health or safety, causes interference with work, or creates classroom disorder;
 - 9. restricting another person's freedom to properly utilize classroom facilities or equipment;

10. repeated classroom interruptions, confronting staff argumentatively, making loud noises, or refusing to follow directions;
 11. throwing objects in the classroom;
 12. repeated disruptions or violations of classroom rules, or excessive or disruptive talking;
 13. behavior that causes the teacher or other students fear of physical or psychological harm;
 14. willful damage to or theft of school property or the property of others; or
 15. repeated use of profanity.
- D. interferes with the ability of the teacher to teach effectively. Such conduct includes, but is not limited to, the following:
1. repeated reporting to class without bringing necessary materials to participate in class activities; or
 2. possession of personal property by school rules or otherwise disruptive to the teaching and learning of others.
- E. shows disrespect or defiance of the teacher, exhibited in words, gestures or other behavior; or
- F. is inconsistent with class decorum and the ability of others to learn. Such behavior includes, but is not limited to, sleeping in class, blatant inattention, or other overt or passive refusal or inability to engage in class activities.

Procedure for Student Removal From Class

When a student is removed from class, the teacher shall send or escort the student to the Principal and inform the Principal of the reason for the student's removal from class. The teacher shall provide the Principal with a written explanation of the reasons for the removal of the student within twenty-four (24) hours of the student's removal from class.

The Principal will generally give the student an opportunity to briefly explain the situation. The Principal shall then determine the appropriate educational placement for the student.

Student Placement

The Principal shall place the student, who has been removed from a class by a teacher, in one of the following alternative educational settings:

- A. an alternative education program approved by the Board under State law;
- B. another instructional setting, time-out, in-school suspension, or out-of-school suspension; or
- C. the class from which the student was removed if, after weighing the interests of the student, the other students in the class, and the teacher, the Principal determines that readmission to the class is the best or only alternative.

Parent/Guardian Notification Procedures

The Principal shall provide the parent or guardian of a student removed from class with written notice of the removal and the reason(s) for the removal. The notification shall be made as soon as practicable, but no later than two (2) school days after the student's removal from class. The notice shall also include the reasons for the student's removal and the placement made by the Principal. If the removal from class and change of educational placement involves a student with a disability, the parent notification shall be made consistent with State and Federal laws and regulations applicable to disabled students.

If the student removed from a class is subject to disciplinary action up to and including suspension or expulsion for the particular classroom conduct and/or other disciplinary incidents the parent shall also be notified of the disciplinary action in accordance with legal and policy requirements.

Students with Disabilities

A student with a disability under the Individuals with Disabilities Education Act, Section 504 of the Rehabilitation Act, and 115.758, Wis. Stats., may be removed from class and placed in an alternative educational setting only to the extent authorized under the laws.

Definitions

"Student" means any student enrolled in the District, an exchange student, or a student visitor to the District's schools.

"Teacher" means a person holding a license or permit issued by the State Superintendent whose employment by a school district requires that the teacher hold that license or permit.

“Class” or “classroom” means any class, meeting or activity which students attend, or in which they participate while in school under the control or direction of the School District. This definition of “class” includes, without limitation, regular classes, special classes, resource room sessions, labs, library time, counseling groups, assemblies, study halls, lunch, or recess. “Class” also includes regularly scheduled School District-sponsored extracurricular activities, either during or outside of school hours. Such activities include, by example and without limitation, School District sponsored field trips, after-school clubs, and sporting activities.

OTHER FORMS OF DISCIPLINE

It is important to remember that the school's rules apply at school, on school property, at school-sponsored events, and on school transportation. In some cases, a student can be suspended from school transportation for infractions of school bus rules.

Ultimately, it is the Principal's responsibility to keep things orderly. In all cases, the school shall attempt to make discipline prompt and equitable and to have the punishment match the severity of the incident.

In-School Discipline

In-school discipline will only be offered at the discretion of the Administration - Superintendent or Principal for offenses found in the Student Code of Conduct.

No student is to be detained after the close of the regular school day unless the student's parent has been contacted and informed that the student will be detained. No student shall be refused transportation services until the parent has been notified and other suitable transportation arrangements have been made. Notification to the parent is the responsibility of District personnel and should be made prior to the departure of school buses. If a parent cannot be contacted, the child should be detained on another day.

SUSPENSION AND EXPULSION

[Board Policy 5610 – Suspension and Expulsion](#) authorizes the use of suspension and/or expulsion as follows:

A. Suspension

1. Duration and Grounds for Suspension

The Principal or a person designated by the Principal may suspend a student for up to five (5) school days or, if a notice of expulsion hearing has been sent, for up to fifteen (15) consecutive school days or ten (10) consecutive school days if the student is eligible for special education services under Chapter 115, Wis. Stats., if the

suspension is reasonably justified and based upon any of the following misconduct:

- a. Noncompliance with school or Board rules;
- b. Knowingly conveying any threat or false information concerning an attempt or alleged attempt being made or to be made to destroy any school property by means of explosives;
- c. Conduct by the student while at school or while under the supervision of a school authority that endangers the property, health or safety of others;
- d. Conduct while not at school or while not under the supervision of a school authority that endangers the property, health or safety of others at school or under the supervision of a school authority;
- e. Conduct while not at school or while not under the supervision of a school authority that endangers the property, health or safety of any employee or Board member of the School District in which the student is enrolled.
- f. Under paragraphs c, d, and e above, conduct that endangers a person or property includes making a threat to the health or safety of a person or making a threat to damage property.

The Superintendent, or any Principal or teacher designated by the Superintendent, shall suspend a student if the student possessed a firearm while at school or while under the supervision of a school authority.

The suspension period applies to “school days.” Thus, a suspension period does not include weekend days or vacation days.

2. **Suspension Procedure**

Prior to being suspended, on the day of the alleged infraction or as soon thereafter as is practicable, the student will be advised orally or in writing of the reason for the proposed suspension and given an opportunity to explain their conduct.

The Principal, within their discretion, may also inform the student’s parents or guardian of the reason for the proposed suspension prior to suspending the student.

3. **Notice of Suspension**

The parent or guardian of a suspended minor student shall be given prompt written notice of the suspension and the reason for the suspension by mail and by sending a copy of the notice home with the student. Oral notice may also be given to the student's parent or guardian; however, it will be confirmed in writing.

4. **Sending a Student Home on the day of the Suspension**

Generally, the student should remain in school on the day of the suspension until school is dismissed for the day. Except as provided below, if the situation requires that the student be removed from the premises before school is dismissed, the Principal shall attempt to contact the student's parent or guardian to request that the parent/guardian pick up the student. If the parent/guardian is unable to pick up the student, the student should remain under the school's supervision until school is dismissed, or in the event law enforcement is involved, under law enforcement supervision.

5. **Opportunity to Complete School Work**

A suspended student shall not be denied the opportunity to take any quarterly, semester or grading period examinations or to complete coursework missed during the suspension period. Such work shall be completed pursuant to the procedures established by the Board.

6. **Reference to the Suspension in the Student's Record**

The student's suspension from school shall be entered in the student's record as required by the rules adopted by the Board concerning the content of student records.

The suspended student or the student's parent or guardian may, within five (5) school days following the commencement of the suspension, have a conference with an, who shall be someone other than a Principal, administrator or teacher in the suspended student's school, to discuss removing reference to the suspension from the student's records.

Reference to the suspension in the student's school record shall be removed if the administrator finds that the student was suspended unfairly or unjustly; the suspension was inappropriate, given the nature of the alleged offense; or the student suffered undue consequences or penalties as a result of the suspension.

The administrator shall make a finding within fifteen (15) days of the conference.

7. **Co-Curricular or Extra-Curricular Participation**

A student's participation in co-curricular or extra-curricular activities during a suspension shall be determined on a case-by-case basis.

B. **Expulsion**

1. **Grounds for Expulsion**

The Board may expel a student only when it is satisfied that the interest of the school demands the student's expulsion and only when the student: repeatedly refused or neglected to obey the rules established by the School District; knowingly conveyed or caused to be conveyed any threat or false information concerning an attempt or alleged attempt being made or to be made to destroy any school property by means of explosives; engaged in conduct while at school while under the supervision of a school authority that endangered the property, health, or safety of others; engaged in conduct while not at school or while not under the supervision of a school authority that endangered the property, health, or safety of others at school or under the supervision of a school authority or endangered the property, health, or safety of any employee or Board member of the District in which the student is enrolled; or was at least sixteen (16) years old and had repeatedly engaged in conduct while at school or while under the supervision of a school authority that disrupted the ability of school authorities to maintain order or an educational atmosphere at school or at an activity supervised by a school authority and that such conduct did not otherwise constitute grounds for expulsion. For purposes of this policy, conduct that endangers a person or property includes making a threat to the health or safety of a person or making a threat to damage property.

Under this section, conduct that endangers a person or property includes threatening the health or safety of a person or threatening to damage property.

2. **Expulsion for Bringing a Firearm to School**

The Board shall expel a student from school for not less than one (1) year whenever it finds that the student brought a firearm to school or, while at school or while under the supervision of a school authority, possessed a firearm, unless the Board finds that the

punishment should be reduced based upon the circumstances of the incident. Any such finding by the Board shall be in writing.

3. **Expulsion Hearing**

Prior to expelling a student, the Board shall provide the student with a hearing. Prior written notice of the expulsion hearing must be sent separately both to the student and their parent(s) or guardian(s) if the student is a minor; otherwise just to the student. The notice will comply with the requirements of State law.

The student, or the student's parent if the student is a minor, has the right to request a closed hearing or the Board may choose to close the hearing. The student and, if the student is a minor, the student's parent or guardian may be represented at the hearing by counsel.

4. **Expulsion Order**

The Board shall reduce its decision to writing in the form of a written order. If expulsion is ordered, the order must state the length of time that the student is to be expelled. The order should also state specific findings of fact and conclusions of law in support of the decision.

5. **Student Records**

The student's expulsion from school shall be entered in the student's record as required by the rules adopted by the Board concerning the content of student records.

Discipline of Disabled Students

Students with disabilities will be entitled to the rights and procedures afforded by the Individuals with Disabilities Education Act (I.D.E.A.) and the Americans with Disabilities Act (A.D.A.).

SEARCH AND SEIZURE

Search of a student and their possessions, including vehicles, may be conducted at any time the student is under the jurisdiction of the Board, if there is a reasonable suspicion that the student is in violation of law or school rules. A search may also be conducted to protect the safety of others or as otherwise permitted by law.

Desks and lockers are public property and school authorities may make reasonable regulations regarding their use. The School District retains ownership and possessory

control of student desks and lockers and the same may be searched at random by school personnel at any time. A showing of reasonable cause or suspicion is not a necessary precondition to a search under this paragraph. Students shall not have an expectation of privacy in lockers, desks, or other school property as to prevent examination by a school official.

All computers located in classrooms, labs, and offices of the School District are the School District's property and are to be used by students, where appropriate, for educational purposes. The School District retains the right to access and review all electronic, computer files, databases, and any other electronic transmissions contained in or used in conjunction with the School District's computer system, network, and electronic mail. Students should have no expectation that any information contained on such systems is confidential or private.

Review of such information may be done by the School District with or without the student's knowledge or permission. The use of passwords does not guarantee confidentiality, and the School District retains the right to access information in spite of a password. A student's refusal to permit such access may be grounds for disciplinary action.

No strip searches will be conducted by any employee of the School District, but may be conducted by law enforcement officials, if deemed necessary.

The Principal may arrange for a breath test for blood-alcohol to be conducted on a student whenever a staff member or chaperone has individualized reasonable suspicion to believe the student has consumed or is under the influence of an alcoholic beverage while on school premises or while participating in a school-sponsored activity. If the student refuses to take the test, the Principal will inform the student that refusal to participate implies admission of guilt leading to disciplinary action consistent with this handbook.

Anything that is found in the course of a search that may be evidence of a violation of school rules or the law may be taken and held or turned over to the police. The school reserves the right not to return items which have been confiscated. ([Board Policy 5771 - Search and Seizure](#))

STUDENT'S RIGHTS OF EXPRESSION

([Board Policy 5720 - Student Activism and Expression](#))

Our school recognizes the right of students to express themselves. With the right of expression comes the responsibility to do it appropriately. Students may distribute or display, at appropriate times, non-sponsored, noncommercial written material and petitions; buttons, badges, or other insignia; clothing, insignia, and banners; and audio and video materials. All items must meet the following school guidelines:

- A. A material cannot be displayed if it:
1. is obscene to minors, libelous, indecent, or vulgar;
 2. advertises any product or service not permitted to minors by law;
 3. intends to be insulting or harassing;
 4. intends to incite fighting or presents a likelihood of disrupting school or a school event; or
 5. presents a clear and present likelihood that, either because of its content or manner of distribution or display, it causes or is likely to cause a material and substantial disruption of school or school activities, a violation of school regulations, or the commission of an unlawful act.
- B. Materials may not be displayed or distributed during class periods, or during passing times between classes. Permission may be granted for display or distribution during lunch periods and after school in designated locations, as long as exits are not blocked and there is proper access and egress to the building.

Students who are unsure whether or not materials they wish to display meet school guidelines may present them to the Principal twenty-four (24) hours prior to display.

Distribution or display by any student of prohibited nonschool-sponsored material or in violation of the school's approval process will be halted, and the student(s) involved will be subject to disciplinary action.

STUDENT DRESS AND APPEARANCE

The school recognizes that each student's mode of dress and appearance is a manifestation of personal style and individual preference. The school will not interfere with the right of students and their parents to make decisions regarding their appearance, except when their choices interfere with the educational program of the schools.

The school has established grooming guidelines as are necessary to promote discipline, maintain order, secure the safety of students, and provide a healthy environment conducive to academic purposes.

Accordingly, the school prohibits student dress or appearance practices that:

- A. present a hazard to the health or safety of the student or to others in the school, including by way of communicating threats of harm or depictions of harmful conduct directed at others;

- B. interfere with school work, create disorder, or disrupt the educational program, including dress that promotes or depicts illegal activity, such as illegal drug use, underage alcohol consumption, or similar activities;
- C. cause excessive wear or damage to school property;
- D. prevent the student from achieving their own educational objectives because of blocked vision or restricted movement.

Such guidelines shall also apply to the dress requirements for members of the athletic teams, bands, and other school groups when representing the school at a public event. A uniform or specific dress requirement may be enforced for students when representing the school.

In enforcing the dress code, the following procedures shall be used:

- A. the principal shall serve as the initial arbiter of student dress and grooming in their building;
- B. before taking action to enforce dress code requirements, including by requiring that a student remove, cover, or otherwise conceal the item or depiction at issue, the principal shall determine whether the item constitutes protected speech in so far as the item independently makes a statement of a discernable nature to the observer by depiction, words, or combination of the two that does not require separate explanation.

Expressive dress may not be protected speech if it involves:

- A. Obscenity
- B. Language or depictions intended to incite violence or foment hatred of others

Dress that is otherwise protected speech may still be prohibited if it is likely to cause a substantial disruption to the educational environment. This may include dress that includes the use of vulgarity, discriminatory language including racial or ethnic slurs, negative stereotypes, violence, or other communication when the clear intent is to invoke strong reactions in observers so as to impair the ability of teachers and/or students to engage in educational pursuit.

No protected speech may be prohibited on the basis of disagreement by school officials with the specific point of view expressed if the topic is otherwise permitted (e.g. permitting depictions of support for one political party, but prohibiting depictions of support for the other).

Students who violate the foregoing rules will not be admitted to class and may be subject to additional consequences.

If the clothing cannot be removed or concealed, the student may be sent home after contact is made with the student's parent/guardian. ([Board Policy 5511 – Dress and Grooming](#))

STUDENT SUGGESTIONS AND COMPLAINTS

The school is here for the benefit of the students. The staff is here to assist a student in becoming a responsible adult. If a student has suggestions that could improve the school, the student should feel free to offer them. Written suggestions may be presented directly to the Principal.

When concerns or grievances arise, the best way to resolve the issue is through communication. No student will be harassed by any staff member or need fear reprisal for the proper expression of a legitimate concern. As with suggestions, concerns and grievances may be directed to the Principal. ([Board Policy 5710 – Student Complaints](#))

STUDENT DUE PROCESS RIGHTS

The Board recognizes the importance of safeguarding a student's constitutional rights, particularly when subject to the District's disciplinary procedures.

To better ensure appropriate due-process is provided a student, the Board establishes the following guidelines:

A. Students subject to suspension:

The suspended student, and if a minor, the parent of the suspended minor student shall be given prompt notice of the suspension and the reason for the suspension. The student or the student's parents may within five (5) school days following the beginning of the suspension, have a conference with an Administrator. This conference will serve as the opportunity for the student to respond to the charges against the student. If the Administrator finds that the student was suspended unfairly or unjustly or that the student suffered undue consequences as the result of suspension, the student's record shall be expunged.

B. Students subject to expulsion:

Prior to expelling a student, the Board must hold a hearing. A student and their parent must be given written notice of the intention to expel and the reasons therefore, at least five (5) days prior to the date of the hearing. The hearing is the opportunity for the student and their parent to appear with a representative or legal counsel before the Board to answer the charges. The Board will keep written

minutes of the hearing. The hearing will be closed. The student and/or their parent may appeal the expulsion consistent with 120.13, Wis. Stats.

SECTION V - TRANSPORTATION

BUS TRANSPORTATION TO SCHOOL

Bus transportation is provided for all eligible students. The bus schedule and route is available by contacting the School Secretary.

Students will ride only assigned school buses and will board and depart from the bus at assigned bus stops. Students will not be permitted to ride unassigned buses for any reason other than an emergency, except as approved by the Principal.

A change in a student's regular assigned bus stop may be granted for a special need, if a note from a parent is submitted to the Principal stating the reason for the request and the duration of the change, and the Principal approves. ([Board Policy 8600 - Transportation](#))

BUS CONDUCT

Students who are riding to and from school on transportation provided by the school are required to follow some basic safety rules. This applies to school-owned buses as well as any contracted transportation that may be provided.

The driver is responsible for student safety and may assign seating or direct the student in any reasonable manner to maintain that safety.

The following behaviors are expected of all students:

Prior to loading

Each student shall:

1. be on time at the designated loading zone;
2. stay off the road at all times while walking to and waiting for the bus;
3. line up single file off the roadway to enter;
4. wait until the bus is completely stopped before moving forward to enter;
5. refrain from crossing a highway until the bus driver signals it is safe;
6. go immediately to a seat and be seated.

It is the parents' responsibility to inform the bus driver when their child will not be boarding the bus. The bus will not wait.

During the trip

Each student shall:

1. remain seated while the bus is in motion;
2. keep head, hands, arms, and legs inside the bus at all times;
3. not litter in the bus or throw anything from the bus;
4. keep books, packages, coats, and all other objects out of the aisle;
5. be courteous to the driver and to other bus riders;
6. not eat, play games or play cards, etc.;
7. not tamper with the bus or any of its equipment.

Leaving the bus

Each student shall:

1. remain seated until the bus has stopped;
2. cross the road, when necessary, at least ten (10) feet in front of the bus, but only after the driver signals that it is safe;
3. be alert to a possible danger signal from the driver.

The driver will not discharge students at places other than their regular stop at home or at school unless the driver has proper authorization from school officials.

CAMERAS ON SCHOOL BUSES

The Board authorizes the Superintendent to install and operate video and audio surveillance on District buses to enhance student safety and well-being.

If a student is reported to have misbehaved on a bus and their actions were recorded on the bus camera, the recording will be submitted to the Principal and may be used as evidence of the misbehavior. Since these recordings are considered part of a student's record, they can be viewed only in accordance with State and Federal law. ([Board Policy 8600 - Transportation](#))

PENALTIES FOR INFRACTIONS

A student who engages in misconduct on a bus shall be subject to discipline and may be deprived of the privilege of riding on the bus.

LEGAL

EQUAL EDUCATION OPPORTUNITY/ANTI-HARASSMENT

It is the policy ([Board Policy 2260 – Nondiscrimination and Access to Equal Educational Opportunity](#)) of the School District to provide an equal education opportunity for all students. The right of a student to be admitted to school and to participate fully in

curricular, extra-curricular, student services, recreational or other programs or activities shall not be abridged or impaired based on the traits of sex (including gender status, change of sex, or gender identity), race, color, national origin, religion, creed, ancestry, marital or parental status, sexual orientation or physical, mental, emotional or learning disability, or any other characteristic protected by Federal or State civil rights laws (hereinafter referred to as “Protected Characteristics”) or other protected characteristics as well as place of residence within School District boundaries, or social or economic background.

Students who have been identified as having an impairment or disability under Section 504 of the Rehabilitation Act or the Americans with Disabilities Act shall be provided with appropriate educational services. Parents who have questions should contact Lisa Sromek, Director of Student Services at (262) 369-6753.

It is also the policy ([Board Policy 5517 – Student Anti-Harassment](#)) of the School District to maintain an educational environment that is free from all forms of harassment. This commitment applies to all School District operations, programs, and activities. All students, administrators, teachers, staff, and all other school personnel share responsibility for avoiding, discouraging, and reporting any form of harassment. This policy applies to conduct occurring in any manner or setting over which the School District can exercise control, including on school property, or at another location if such conduct occurs during an activity sponsored by the School District.

The School District will not tolerate any form of harassment and will take all necessary and appropriate actions to eliminate it, including suspension or expulsion of students and disciplinary action against any other individual in the School District community. Additionally, appropriate action will be taken to stop and otherwise deal with any third party who engages in harassment against our students.

Any person who believes that the Hartland Lakeside School or any staff person has discriminated against them in violation of these policies may file a complaint. A formal complaint can be made in writing to a School District Compliance Officer listed below:

Name:	Patrick Austinson	Daun Boll
District Title:	Business Manager	Human Resources Manager
Telephone Number:	(262) 369-6737	(262) 369- 6744
Fax Number:	(262) 369-6711	(262) 369-6711
E-Mail Address:	paustinson@hartlake.org	dboll@hartlake.org

Mailing Address: 800 E. North Shore Drive, Hartland, WI 53029

The complaint procedure is described in [Board Policy 2260 - Nondiscrimination and Access to Equal Educational Opportunity](#) and [Policy 5517 – Student Anti-Harassment](#). The policies are available on the School District’s website.

Due to the sensitivity surrounding complaints of harassment, time lines are flexible for initiating the complaint process; however, individuals should make every effort to file a complaint within thirty (30) days after the conduct occurs while the facts are known and potential witnesses are available. Once the complaint process is begun, the investigation will be completed promptly. (What constitutes promptness will depend on the complexity of the issues, the number of incidents or factual elements, the number of witnesses and documents to be consulted, and the availability of witnesses and other evidence.)

If at any time during the investigation process the investigator determines that the complaint is properly defined as Bullying, under [Board Policy 5517.01 - Bullying](#), and not harassment under [Board Policy 5517 – Student Anti-Harassment](#), because the conduct at issue is not based on a student’s Protected Characteristics, the investigator shall transfer the investigation to the appropriate building principal.

Under no circumstances will the School District threaten or retaliate against anyone who raises or files a complaint.

Our school is committed to an educational environment that is free of harassment of any form. Our school will not tolerate any form of harassment and will take all necessary and appropriate action to eliminate it, including suspension or expulsion of students and disciplinary action against any other individual in the School District community. Additionally, appropriate action will be taken to stop and otherwise deal with any third party who engages in harassment against our students.

Harassment means behavior toward a student or group of students based, in whole or in part on the traits of sex (including gender status, change of sex, or gender identity), race, color, national origin, religion, creed, ancestry, marital or parental status, sexual orientation or physical, mental, emotional or learning disability, or any other characteristic protected by Federal or State civil rights laws (hereinafter referred to as “Protected Characteristics which substantially interferes with the student’s school or academic performance or creates an intimidating, hostile or offensive school environment. Harassment also includes “hate speech” directed against a student—the use of language, behavior, or images/symbols that express prejudice against a particular group or groups on the basis of any protected characteristic(s).

Examples of conduct that may constitute harassment include:

- A. graffiti containing offensive language;
- B. name calling, jokes or rumors;
- C. threatening or intimidating conduct directed at another because of the other’s protected characteristic (e.g., sex, race, learning disability);
- G. notes or cartoons;

- E. slurs, negative stereotypes, and hostile acts which are based upon another's protected characteristic;
- F. written or graphic material containing comments or stereotypes which is posted or circulated and which is aimed at degrading individuals or members of protected classes;
- G. a physical act of aggression or assault upon another because of, or in a manner reasonably related to, the individual's protected characteristic; or
- H. other kinds of aggressive conduct such as theft or damage to property, which is motivated by a protected characteristic.

NONDISCRIMINATION ON THE BASIS OF SEX

The Board of the Hartland Lakeside School District does not discriminate on the basis of sex in its education program or activity and is required by Title IX and its implementing regulations not to discriminate in such a manner. The requirement not to discriminate in its education program or activity extends to admission and employment. The School District's Title IX Coordinator(s) is/are:

Name:	Patrick Austinson	Lisa Sromek
District Title:	Business Manager	Director of Student Services
Telephone Number:	(262) 369-6737	(262) 369- 6753
Fax Number:	(262) 369-6711	(262) 369-6711
E-Mail Address:	paustinson@hartlake.org	lsromek@hartlake.org

Mailing Address: 800 E. North Shore Drive, Hartland, WI 53029

Any inquiries about the application of Title IX and its implementing regulations to the District may be referred to the Title IX Coordinator(s), the Assistant Secretary for the U.S. Department of Education's Office for Civil Rights, or both.

The Board has adopted a grievance process that provides for the prompt and equitable resolution of student and employee complaints alleging any action that is prohibited by Title IX and/or its implementing regulations. The grievance process is included in [Board Policy 2266 – Nondiscrimination on the Basis of Sex in Education Programs or Activities](#). The grievance process specifically addresses how to report or file a complaint of sex discrimination, how to report or file a formal complaint of Sexual Harassment, and how the School District will respond.

It is a violation of this policy for anyone to knowingly making false statements or knowingly submitting false information during the sex discrimination complaint process, including intentionally making a false report of sexual harassment, or submitting a false

formal complaint. The School District will not tolerate such conduct, which is a violation of the Student Code of Conduct.

Neither the Board nor any other person may intimidate, threaten, coerce, or discriminate against any individual for the purpose of interfering with any right or privilege secured by Title IX, its implementing regulations, or [Board Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities](#), or because the individual made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this policy. Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX, its implementing regulations, or this policy, constitutes retaliation. Retaliation against a person for making a report of sexual harassment, filing a formal complaint, or participating in an investigation, is a serious violation of [Board Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities](#) that can result in the imposition of disciplinary sanctions, consequences, and/or other appropriate remedies.

All students, parents, and their representatives are advised to review [Board Policy 2266 - Nondiscrimination on the Basis of Sex in Education Programs or Activities](#) for more information and detail regarding the School District's commitment to nondiscrimination on the basis of sex.

SEXUAL HARASSMENT

Sexual harassment is prohibited in our school and at school-sponsored activities in accordance with [Board Policy 5517 – Student Anti-Harassment](#). Sexual harassment consists of unwelcome sexual advances, requests for sexual favors, sexually motivated physical conduct, or other verbal or physical conduct or communication of a sexual nature when:

- A. submission to that conduct or communication is made a term or condition, either explicitly or implicitly, of obtaining an education; or
- B. submission or rejection of that conduct or communication by an individual is used as a factor in decisions affecting that individual's education; or
- C. conduct or communication has the purpose or effect of substantially or unreasonably interfering with an individual's education, or creating an intimidating, hostile or offensive educational environment.

Sexual harassment may include, but is not limited to:

- F. unwelcome behavior or words directed at an individual because of their sex or sexual orientation;

Sexual harassment examples include, but are not limited to:

- A. repeatedly asking a person for dates or sexual behavior after the person has indicated no interest;

- G. a pattern of conduct, which can be subtle in nature, that has sexual overtones and is intended to create or has the effect of creating discomfort and/or humiliation to another; or
- H. remarks speculating about a person's sexual activities or sexual history, or remarks about one's own sexual activities or sexual history.

It is also the policy of the School District that a sexual relationship between staff and students is not permissible in any form or under any circumstances, in or out of the school, in that it interferes with the educational process and may involve elements of

coercion by reason of the relative status of a staff member to a student. An inappropriate boundary invasion by a School District employee or other adult member of the School District community into a student's personal space and personal life is sexual harassment.

If you wish to report harassment, please contact either of the School District's Title IX Coordinators listed below:

Name:	Patrick Austinson	Lisa Sromek
District Title:	Business Manager	Director of Student Services
Telephone Number:	(262) 369-6737	(262) 369- 6753

Mailing Address: 800 E. North Shore Drive, Harttland, WI 53029

Any person may report sexual discrimination, including sexual harassment, to the School District's Title IX Coordinator listed above, regardless of whether the person is the alleged victim of the reported conduct. The report may be made in person, by mail, by telephone, or by email. The report may be made at any time, including during non business hours.

A copy of [Board Policy 2266 - Nondiscrimination of the Basis of Sex in Education Programs or Activities](#), including the reporting, investigation, and resolution procedures, is available in the school office and on the School District's website. [Board Policy 5517 - Student Anti-Harassment](#), as well as [Board Policy 2266](#), both contain the complaint procedures and steps for investigating complaints under these policies.

Any person who is unsure about how to submit a complaint of discrimination, harassment, or sexual harassment is encouraged to immediately contact one of the listed Compliance Officers, a Title IX Coordinator, an administrator, or any trusted member of the staff for assistance in filing a complaint.

Retaliation against a person who files a complaint is prohibited by Board policy and Federal law. Any allegation of retaliation should be filed immediately with assurance that it will be taken seriously and fully investigated by the School District.

BULLYING

Bullying is defined as a person willfully and repeatedly exercising power or control over another with hostile or malicious intent. Bullying can be physical, verbal, electronically transmitted, psychological (e.g., emotional abuse), through attacks on the property of another, or a combination of any of these. Examples of bullying include:

- A. Physical – hitting, kicking, spitting, pushing, pulling, taking and/or damaging personal belongings or extorting money, blocking or impeding student movement, unwelcome physical contact.
- B. Verbal – taunting, malicious teasing, insulting, name calling, making threats.
- C. Psychological – spreading rumors, manipulating social relationships, coercion, or engaging in social exclusion/shunning, extortion, or intimidation.
- D. "Cyberbullying" – the use of information and communication technologies such as e-mail, cell phone and pager text messages, instant messaging (IM), defamatory personal websites, and defamatory online personal polling websites, to support deliberate, repeated, and hostile behavior by an individual or group, that is intended to harm others.

All complaints about aggressive behavior that may violate this policy shall be promptly investigated. If the investigation finds that aggressive behavior has occurred, it will result in prompt and appropriate discipline, co-curricular sanctions and/or disciplinary action up to and including suspension or expulsion. Individuals may also be referred to law enforcement officials.

Retaliation against any person who reports, is thought to have reported, files a complaint, or otherwise participates in an investigation or inquiry concerning allegations of bullying is prohibited and will not be tolerated. Such retaliation shall be considered a serious violation of Board policy and independent of whether a complaint is substantiated. Suspected retaliation should be reported in the same manner as bullying.

Making intentionally false reports about bullying for the purpose of getting someone in trouble is similarly prohibited and will not be tolerated. Retaliation and intentionally making a false report may result in disciplinary action as indicated above.

If a student or other individual believes there has been bullying, regardless of whether it fits a particular definition, the student should report it and allow the administration to determine the appropriate course of action. ([*Board Policy 5517.01 - Bullying*](#))

STUDENT HAZING

Hazing activities of any type are inconsistent with the educational process and may in some circumstances be a violation of State law. The Board prohibits all such activities at any time in school facilities, on school property, and at any School District-sponsored activity or event.

Hazing is defined as performing any act or coercing another, including the victim, to perform any act of initiation into any class, group, or organization that causes or creates

a risk of causing mental, emotional, or physical harm. Permission, consent, or assumption of risk by an individual subjected to hazing shall not lessen the prohibitions contained in this policy.

If hazing or planned hazing is discovered, the students involved shall be informed by the discoverer of the prohibitions contained in this policy and shall be ordered to end all hazing activities or planned activities immediately. All hazing incidents shall be reported immediately to the Principal or to the Superintendent.

Students who fail to abide by this policy may be subject to disciplinary action and may be held personally liable for civil or criminal penalties. Disciplinary action for students may include, but is not limited to, suspension and/or expulsion. ([Board Policy 5516 – Student Hazing](#))

STUDENT RIGHTS AND RESPONSIBILITIES

The rules and procedures of Hartland Lakeside School are designed to allow each student to obtain a safe, orderly, and appropriate education. Students can expect their rights to freedom of expression and association and to fair treatment as long as they respect those rights for their fellow students and the staff. Students will be expected to follow teachers' directions and obey all school rules. Disciplinary procedures will comply with the requirements of State and Federal law.

Parents have the right to know how their child is succeeding in school and will be provided information on a regular basis and as needed, when concerns arise. Many times it will be the responsibility of the student to deliver that information. If necessary, U.S. mail or hand delivery may be used to ensure contact. Parents are encouraged to build a two-way link with their child's teachers and support staff by informing the staff

of suggestions or concerns that may help their child better accomplish their educational goals.

No student shall be required, as a part of the school program or the School District's curriculum, without prior written consent of the student (if an adult, or an emancipated minor) or, if an unemancipated minor, the minor's parents, to submit to or participate in any survey, analysis, or evaluation that reveals information concerning: political affiliations or beliefs of the student or the student's parents; mental or psychological problems of the student or their family; sex behavior or attitudes; illegal, anti-social, self-incriminating, or demeaning behavior; critical appraisals of other individuals with whom respondents have close family relationships; legally recognized privileged and analogous relationships, such as those of lawyers, physicians, and ministers; religious practices, affiliations, or beliefs of the student or the student's parents; or income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such a program). ([Board Policy 2416 – Student Privacy and Parental Access to Information](#))

Students must arrive at school on time, prepared to participate in the educational program. If, for some reason, this is not possible, the student should seek help from the Principal.

STUDENT WELL-BEING

Student safety is a responsibility of the staff. All staff members are familiar with emergency procedures such as fire, tornado, and emergency intruder drills and accident reporting procedures. Should a student be aware of any dangerous situation or accident, the student must notify a staff person immediately.

All students must have emergency medical information completed, signed by a parent or guardian, and filed in the school office. A student may be excluded from school until this requirement has been fulfilled.

Students with specific health care needs should submit those needs, in writing and with proper documentation by a physician, to the school office.

INJURY AND ILLNESS

All injuries must be reported to a teacher or to the office staff. If minor, the student will be treated and may return to class. If medical attention is required, the office will follow the School's emergency procedures.

A student who becomes injured or ill during the school day should request permission from the teacher to go to the office. The office staff will determine whether the student should remain in school or go home. No student will be released from school without proper parental permission. ([Board Policy 5340 – Student Accidents/Illness/Concussion & Sudden Cardiac Arrest](#))

HOMEBOUND INSTRUCTION

The School District may arrange for individual instruction to students of legal school age who are not able to attend classes because of a serious physical or emotional disability.

Parents should contact the principal regarding procedures for such instruction. ([Board Policy 2412 – Homebound Instruction](#))
